

Emmett Baird Kendall

email: emmett.kendall@utdallas.edu
website: <https://ebkendall.github.io/>

Founders Building (FO) 2.106
The University of Texas at Dallas
Richardson, TX 75080

Professional Positions

ASSISTANT PROFESSOR (TENURE-TRACK), *2026 - Present*
Department of Mathematical Sciences, University of Texas at Dallas

RESEARCH CONSULTANT, *2023-2025*
Kern Center for the Science of Health Care Delivery, Mayo Clinic

GRADUATE RESEARCH INTERN, *Summer 2023*
Kern Center for the Science of Health Care Delivery, Mayo Clinic
Advisor: Dr. Curtis B. Storlie

Education

NORTH CAROLINA STATE UNIVERSITY *2020-2025*
Ph.D. in Statistics
Advisor: Dr. Jonathan P. Williams

UNIVERSITY OF FLORIDA *2017-2020*
B.S. in Mathematics, Minor in Statistics
Advisor: Dr. Joseph Antonelli

Manuscripts

★ *undergraduate student working under my supervision*

5. A. Basarkar★, **E. B. Kendall**, D. Randahl, J. P. Williams, and G. H. Hermansen (2026+). Conflict Forecasting via Conformal Prediction for Markov Processes. **In review**.
4. **E. B. Kendall**, J. P. Williams, C. B. Storlie, M. A. Radosevich, E. D. Wittwer, and M. A. Warner (2026+). Identification of physiological shock in intensive care units via Bayesian regime switching models. **In review**.
3. **E. B. Kendall**, B. Beck, and J. Antonelli (2025). Robust inference for geographic regression discontinuity designs: assessing the impact of police precincts. **Journal of the Royal Statistical Society: Series A**.
2. V. V. Volpe, **E. B. Kendall**, A. N. Collins, M. G. Graham, J. P. Williams, and S. J. Holochwost (2025). Prior exposure to racial discrimination and patterns of acute parasympathetic nervous system responses among black adults. **Psychophysiology**.
1. **E. B. Kendall**, J. P. Williams, G. H. Hermansen, F. Bois, and V. H. Thanh (2025). Beyond time-homogeneity for continuous-time multistate Markov models. **Journal of Computational and Graphical Statistics**.

Funding

2. Conference and Travel Award. NC State Graduate Student Association, 2025
1. Seed grant (“Hidden Markov methodology for assessing racial stressors”). NC State Data Science Academy, 2023-2024

Teaching & Advising

Courses taught

- Numerical and Statistical Computing (STAT 4354; UT Dallas) *Fall '26*
- Mathematical Statistics (STAT 4352; UT Dallas) *Spring '26*
- Introduction to Statistics (ST 311; NC State) *Fall '21, Spring '23*
- Statistics Ph.D. Qualifying Exam Prep Course (NC State) *Summer '22*

PhD students advised/co-advised

1. Mengfan Fu (UT Dallas; expected graduation Spring 2030)

PhD committees served on

2. Sudakshina Singha Roy (UT Dallas; expected graduation Spring 2030)
1. Arunabho Roy (UT Dallas; expected graduation Fall 2030)

Undergraduate students mentored

1. Aditya Basarkar (NC State; expected graduation Spring 2026)

Presentations

10. Speaker, Seminar (*Math Pathways Program*): “A Path Towards Academics.” *UT Dallas*, July 2026
9. Poster: “Conflict Forecasting via Conformal Prediction for Markov Processes.” *30th Nordic Conference in Mathematical Statistics*, June 2026 [**Best Poster Award Winner, €500**]
8. Speaker, Seminar (*Data Science and Statistics Seminar*): “Identification of physiological shock in intensive care units via Bayesian regime switching models.” *UT Dallas*, March 2026
7. Speaker, Seminar (*Discover NSM*): “State-space models with biomedical applications.” *UT Dallas*, February 2026
6. Organizer and Speaker, Topic-Contributed Paper Session: “Applications and Advances of Regime Switching Models.” *Joint Statistical Meeting*, August 2025
5. Speaker, Seminar: “Beyond time-homogeneity for continuous-time multistate Markov models” *University of Oslo*, May 2025
4. Speaker, Invited Paper Session: “Innovative theory and applications of hidden Markov models for longitudinal data in medicine” *International Biometric Conference*, December 2024
3. Speaker, Topic-Contributed Paper Session: “Application of Data Science Models in Health Care: Development, Implementation, Evaluation, and Maintenance.” *Joint Statistical Meeting*, August 2024
2. Poster: “Hidden Markov methodology for identifying physiological states of shock in intensive care units.” *Joint Statistical Meeting*, August 2023

- Flash Talk: “Testing local treatment effects using regression discontinuity designs that are robust to a violation of causal assumptions.” *European Causal Inference Meeting*, July 2021

Departmental Service	Data Science & Statistics Seminar Committee, <i>UT Dallas</i>	<i>Fall 2026</i>
	Data Science Committee, <i>UT Dallas</i>	<i>Spring 2026, Fall 2026</i>
Professional Service	Reviewer for <i>Journal of the Royal Statistical Society: Series C</i>	1 manuscript
	Reviewer for <i>Journal of Statistical Theory and Practice</i>	1 manuscript
	Session Chair “Advances in Bayesian Variable Selection.” <i>Joint Statistical Meeting</i> , August 2024	
Awards	2 nd place, NC State’s Graduate Student Research Symposium	<i>2024</i>
	Mu Sigma Rho (Statistics Honor Society)	<i>2021</i>
	Phi Beta Kappa	<i>2020</i>
